

The background features a complex network of white nodes connected by thin purple lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and polygons. The overall aesthetic is modern and digital.

Red, White and Beautiful

By Bec Botefuhr

Red White And Blue Flags

After a devastating announcement at the end of the previous book, Sierra ran from Marcus.

Red White And Boom

Now she's back and he wants to try. He's determined to fix things with her...but how can it work when they both have insistent ex lovers trying to bring them down. How do you move past hurt, lies and complicated situations? Can Sierra forgive Marcus? Can Marcus let his ex lover go and do what he has to do to win Sierra back?

Red, White and Beautiful

Red White And Royal Blue

Come on a rollercoaster ride to the end with these two sweethearts, as their journey comes to a conclusion.

I need to read this book now!!!! Cliffhanger in book one.. I just... it's too much

.....

Done reading!! I actually loved it!

Red White And Blue

3 sad stars from me :(

I really wanted to love this book like book 1 but sadly I didn't, if I could rate "Sexy Sweet Marcus" I'd give this book a 10!!

But then when we add Sierra into the mix in this story her character in this lets it down..She just annoyed me,I found myself gritting my teeth every time she decided to run or when she threw one of her famous wobblies in this book, more than one wobbly and it does my head in..

Still a huge fan of Bec and will definitely read the next book out..

Wow that was a whole lot of story for not a lot of book.

It was all ok, but it just felt like drama after drama after drama. If anything the book needed to be longer so the dramas could have been stretched out a little maybe?

Red White And Blue Popsicle

“I want you, Sierra. I don’t care about the rest. You should have never run from me, you should have answered your phone, because if you did, you would know my choice by now and you would have saved us both the heartache. You’re what I want, and it’s you I want by my side, not her. Sweetheart, you should know that.”

I love Marcus! But Marcus royally screwed up, and he knows it. His relationship with Sierra is a mess. He’s too scared to commit and put her in danger, she’s scared he only sees her as a “I want you, Sierra. I don’t care about the rest. You’re what I want, and it’s you I want by my side, not her. Sweetheart, you should know that.”

I love Marcus! But Marcus royally screwed up, and he knows it. His relationship with Sierra is a mess. He’s too scared to commit and put her in danger, she’s scared he only sees her as a pet project and then there’s the whore who Marcus just happens to be engaged to, Chayne...

“I’ve felt a lot of things in my life, Sierra. I’ve felt pain, anger, disappointment and regret. I know them all too well. What I know, right here, right now, with you, is that I love you. It’s not easy, but I never expected it to be. I never’ve ever thought Chayne would go down without a fight and this would just be a walk in the park. I will fight until my last breath for you, Sierra Walters. You should know that by now.”

This is the first series I've read in quite a while that just 'has it'. Bec Botefuhr continues to amaze me with not only the quality of her books but the speed she is able to write them. I can't wait for more from her!

After enjoying the 1st book in the series I downloaded this book straight after finishing the first. I can truly say that this second instalment was utter rubbish. The storyline in this second book could have easily been included in the first and then I wouldn't have had to spend another £3.99 just to have been disappointed. (Dare I say it.... yes I felt that this was just a cash cow for the author). The main male character Marcus turned out to be such a wet lettuce I felt like shouting "grow s After enjoying the 1st book in the series I downloaded this book straight after finishing the first. it..... yes I felt that this was just a cash cow for the author). The main male character Marcus turned out to be such a wet lettuce I felt like shouting "grow some b***s" and to the main female lead " Dump him now!! Where's yours self-respect women!!!!" Sorry but this instalment just left be cold. I will probably try another book by Bec Botefuhr but only if its a standalone story as I did quite enjoy the first book but feel cheated by the second. ...more

Red White And Green Flag

I don't even know where to begin... it was an exhausting ride! It's like from one fiasco to another... I'm so looking forward to Bec's books, but this one, it's kinda a let down... Dang, Sierra is freaking immature... Marcus, I have no idea what he is, lol... and they haven't been together long, it's beyond crazy! Anyway, can't say it was boring... :D

Not really sure what Bec Botefuhr was trying to do with this story. Plot was far fetched - would you ever get the speaker of the White House having a relationship with a college student? Well that's fiction for you. Too fast, too quickly for this to be a feasible story. Oh lots of sex though!

Red, White and Beautiful

Red White And Black Flag

I enjoy Bec's writing a lot. The first book in the series is good but these book was rushed and felt that I was cheated out of what could have been a great story and possibly more books. If you want a great set from her read the Dark Brother series is great!

Nope. The second book is possibly worse than the first. Whine and cry and continue to do stupid things.

The writing quality is good (no typos, grammatical errors or other annoyances), but the story is a waste of pixels.

DNF

Red White And Boom Fireworks

Don't get me wrong this was a good way to wrap up their story but I really liked the first one more. Other than that Bec always writes awesome stories! She's one of my favorite Amazon authors! =)

What a way to end a series! Once again, Bec Botefuhr kept me awake as I tried to finish her book in one sitting. Unfortunately, my eyes didn't co-operate, my vision blurred and I had to wait until the next day to reach the last page.

Like the first book, this one had me sighing, groaning and calling out in indignation as the story unfolded. How is it possible to love some characters, while hating others? Excellent story telling along with brilliant character development, that's how.

Bec Botefuhr is a very talented wordsmith who enables the reader to love or hate her characters. They become real people, not characters in a story. Like real life, nothing runs smoothly and I found myself silently cheering for Sierra and Marcus while condemning Chayne and Ben.

The epilogue was the cream on the caramel tart of this book. (You'll find out why I used this simile when you read the book.) I finished it with a satisfied feeling and without questions about the future of any of the characters although Marcus will probably remain in the forefront of my brain until I find another book boyfriend to fall in love with.

I gave Red, White and Beautiful 5 out of 5 stars and I'm looking to reading more of Bec Botefuhr's books. She's never let me down.

Red White And Blue Beach

Quinn is a great friend, "whatever. Either way, you're getting out of this damned bed and getting on with your life. A piece of a** is really not enough to have you moping in bed all day long. Get over it, move on, and get some damn sunshine, you look like a freakin' zombie." Sierra is still a little spitfire, "what do you want me to do? Just forgive you? Just get over it? You lied to me, Marcus, and you chose your fiance' over me." Marcus is a possessive sort, "you're mine, do you understand? B Quinn is a great friend, "whatever. You lied to me, Marcus, and you chose your fiance' over me." Marcus is a possessive sort, "you're mine, do you understand? Before we leave this damned room, I want us both to understand something. Once we step out this door, you belong to me. Think long and hard about that, Sierra, because once you're mine I won't let you go again. I will cherish you, love you, eff you, and pleasure you, but I won't share you. Is that what you want?" Jesume, Marcus and Sierra's relationship are like fireworks they explode everywhere, "you scared me, baby, when I walked in and saw you like that. All he anger died. I don't want to be like this with you." Marcus's mom I loved her, "oh goodness love, you could have cut your finger off perverting at my son!" I liked the book. ...more

Overall I was enjoying this books,in a 'not slow' kind a reading material, but still not that fast that you lose details of the events. There was a bit stereotype on 'the drama' of thinking on Sierra's character like any other women in a real world, but I guess everyone tend to be a fool and fuck things up when you're in love and not communicating but being emotionally unstable. Like I said... stereotype!

Does a guy like Marcus really exist, that you fall hard all over him in mere weeks?

Well, do Overall I was enjoying this books,in a 'not slow' kind a reading material, but still not that fast that you lose details of the events. Does a guy like Marcus really exist, that you fall hard all over him in mere weeks?

Well, don't over analyze on this ones, its an easy reading erotica, nothing more. ...more

Red White And Blue Background

I thought the story was cute. I think it should be Secretary of State instead of Speaker of the House because Secretary of State is more powerful. I liked the story until this book. It felt like the same problems were being replayed over and over again just to make the story longer. Also, she was so naive at points, it was ridiculous. Also, they never mention what happened to her degree and how he started his company. I would love a continuation, but although this was good, it was somewhat disappointing. I loved the first book so I was very excited to read this book. My excitement went away half way through this short book. In this book Sierra is too back and forth. She wants one thing and when Marcus delivers it she doesn't want it anymore (adjustments in their relationship). She comes off slightly immature in this book. A lot of drama happens in the book which is fairly short and because of that, the story is less developed. I loved the first book but this book was a disappointment.
