And the mate of the Alpha of the Columbia Basin werewolf pack.

Storm Cursed Reviews

Even so, none of that would have gotten me into trouble if, a few months ago, I hadn't stood upon a bridge and taken responsibility for the safety of the citizens who lived in our territory. It seemed like the thing to do at the time. It should have only involved hunting down killer goblins, zombie goats, and an occasional troll. Instead, our home was viewed as neutral ground, a place where humans would feel safe to come and treat with the fae.

Storm Cursed

Storm Cursed Pdf

The reality is that nothing and no one is safe. As generals and politicians face off with the Gray Lords of the fae, a storm is coming and her name is Death.

Storm Cursed

But we are pack, and we have given our word.

Storm Cursed Ebook

We will die to keep it.

*Buddy read with some friends at For Love Of A Book!

I loved the book but one little thing made me want to kill some peeps! And there are miniature zombie goats ðŸ~f. Well, there are a lot of things in the book but still, miniature zombie goats ðŸ~f

And Stefan and Zee; just the gang ðŸ~ŠðŸ•

â€çâ€çâ€çâ€çâ€çâ€çâ€çâ€çâ€çâ€çâ€çâ€ç

I'm obsessed with this cover!!

Happy Reading Mercy Fans!

Storm Cursed Arc

4.5 stars, and this one's on sale now! Review first posted on Fantasy Literature:

Storm Cursed, the eleventh book in Patricia Briggs's™ MERCY THOMPSON urban fantasy series, kicks the series up a notch with some clashes with black magic witches, and no one is safe. Mercy, a coyote skinwalker and the shapechanger daughter of the god Coyote, is back in the Tri-Cities area of Washington state after her hair-raising adventures in Europe in Silence Fallen.

Storm Cursed begins with a seemingly tangential e 4.5 stars, and this one's on sale now! Review first posted on Fantasy Literature:

Storm Cursed, the eleventh book in Patricia Briggs's™ MERCY THOMPSON urban fantasy series, kicks the series up a notch with some clashes with black magic witches, and no one is safe. Mercy, a coyote skinwalker and the shapechanger daughter of the god Coyote, is back in the Tri-Cities area of Washington state after her hair-raising adventures in Europe in Silence Fallen.

Storm Cursed begins with a seemingly tangential event: Mercy has tagged two of her husband Adam's™ werewolf pack, firefighter Mary Jo and computer nerd Ben, to go on a goblin hunt with her, tracking down a goblin suspected of killing a policeman. She calls Larry, the goblin king who we met in Silence Fallen, to help. What this event discloses about Mercy's™ evolving relationship with Mary Jo, and about a secret power held by goblins that is apparently unique among the fae, may have important repercussions in the future.

Indirectly this goblin hunt leads to a police request to help with a bunch of pygmy goats that someone has turned into zombies using witchcraft (interestingly, the pygmy goats are still adorable even though they're™ dead and zombie-fied). When Mercy calls the witch family of Elizaveta Arkadyevna to help with the zombie goat problem, a strange woman with a soft Southern voice answers the phone and tells Mercy that Elizaveta's™ family is "œall tied up right now." Not ominous at all! And then the family that owned the pygmy goats tell Mercy about a woman with a Southern accent who tried to buy the goats "œ and to get their young son to come to her car.

As Mercy and Adam investigate what has happened at Elizaveta's™ house, and where the zombies are coming from, they find threats from both without and within their territory. Meanwhile, the Gray Lords of the fae are reengaging with humans, offering to meet with the U.S. government to negotiate a peace treaty, but the witch problem is threatening this process as well.

Black magic makes for a compelling but harrowing plot in Storm Cursed. Black magic witches are the most powerful of all witches in this world; far more powerful than white or gray witches. Their willingness to torture and kill both animals and people gives them a far greater boost to their magical powers than white and gray witches can access. That willingness to commit appallingly evil acts for the

Storm Cursed

sake of power is front and center in Storm Cursed, and Briggs doesn't pull her punches. (Sensitive readers are advised to tread carefully.)

Offsetting this darkness is the moral bedrock and decency of the key characters. It's not just in Mercy and Adam, but also in Zee, a powerful fae who is Mercy's longtime friend, Zee's son Tad, and several others. We finally learn more about the mysterious past of Sherwood Post, a werewolf with a missing leg (supposedly an impossibility, since werewolves regenerate). Wulfe, an extremely powerful but unbalanced vampire, gets a chance to shine in Storm Cursed, and there are new revelations about his character as well.

Briggs pulls in plot threads and character arcs from prior books and takes them in unexpected but logical directions with each new novel in the MERCY THOMPSON and the related ALPHA AND OMEGA series, which are so closely interwoven that it's definitely best to read all of the books in both series in order. In Storm Cursed, Briggs once again surprised me with her willingness to shake things up. No character is safe (well, perhaps other than Mercy and Adam), no matter how long they've been a part of the series.

Storm Cursed was fascinating reading, even though it had several disturbing scenes. It kept me glued to my chair. Sixteen books into the world of Mercy Thompson (counting both series), Briggs is still writing excellent urban fantasy and finding ways to keep it fresh.

Initial comments: SO GOOD I THINK IM GOING TO READ IT AGAIN! Black magic witches make for a great plot.

Mix in some wonderful secondary characters like Sherwood Post and Zee and a little Wulfe.

Also: adorable zombie pygmy goats! I can't even.

I really enjoyed this book, even though it has some harrowing moments. It made me want to go back and reread the whole Mercy Thompson series (how did we first meet Larry the goblin king and Sherwood Post the mysterious werewolf again?).

Thanks to the publisher, Ace, for the free review copies.

Content warnings: some descriptions of torture and animal cruelty. Sensitive readers tread carefully. Also a few scattered F-bombs.

Update: And now a week later NetGalley finally informs me that I've been approved. So now I have

Storm Cursed

two copies! ðŸ˜,

Initial post: Guess what appeared on my doorstep today!!

There's nothing quite like asking for a book on NetGalley, getting no response, slowly losing hope, then having a hard copy get shipped to you! ...more

Update: February 27, 2019

Patricia's asistent just posted a snippet on Facebook, if anyone's interested! [Link here](#)

Update: May 2018

Wait, when did this get a synopsis? How did I miss that? Even though it's not very descriptive (it doesn't really give us any glimpse at what will happen in this book), my expectations are HIGH.

Update: May 2018

This picture just popped up on my Facebook feed, very accurate.

Update: 01/02/2018

It has a name! And it sounds amazing!

Update for all of you that are looking forw

Storm Cursed

Update: 01/02/2018

It has a name! And it sounds amazing!

Update for all of you that are looking forward to another Mercy/Alpha and Omega book as much as I do: Interviewer: What's next for the series? Any hints?

Patricia: I'm working on the next Alpha and Omega (Burn Bright, March 2018). After that I will write a book set in the same universe that features the blind witch Moira and her werewolf boyfriend from "Seeing Eye" who also made an appearance in Hunting Ground. So the next Mercy is two books out - I have some ideas, but I'm not focused on the next Mercy yet. ...more
