

The background features a complex network of white nodes connected by thin purple lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and polygons. The overall aesthetic is modern and digital.

I Know Who You Are

By Alice Feeney

I Know Who Killed Me

I Know Who You Are is the brilliant tale of two stories. One is about Aimee Sinclair—a well-known actress on the verge of being full-on famous. If you saw her, you’d think you knew her. One day towards the near-end of her shoot on her latest film, Aimee comes home from filming to find her husband’s cell phone and wallet on the dining room table. He never goes anywhere without them. But he’s nowhere to be found. She’s not too concerned—they had a huge fight the night before. They both said things they didn’t mean. He might have done things he didn’t mean, things she can’t forget. Even though she has a history of supposedly forgetting. After all, she’s a very good actress.

I Know Who I Am

The next morning she goes for her morning run and then goes to her favorite coffee shop. But her card is denied. When she calls the bank they say her account has been emptied of \$10,000. She immediately suspects her husband. But they say no, it was Aimee herself who closed out the account. And thus begins a bizarre rabbit hole into which Aimee finds herself falling where nothing is at it seems.

I Know Who You Are

Alternating with Aimee's story is that of a little girl who wandered away from home. We always tell our kids not to talk to strangers or bad things will happen. Well, bad things happen.

I Know Who Holds Tomorrow

In *I Know Who You Are*, Alice Feeney proves that she is a master at brilliantly complicated plots and twists after twists.

What the fuck?

Sorry, but this book just doesn't... work. To be fair, my reaction to Feeney's *Sometimes I Lie* was pretty much "what the fuck?" as well, but in a really good way. She has once again managed to pull out an out-of-this-world twist, but here it is so ludicrous that I felt like laughing instead of gasping in shock.

I was bit turned off with this one right away, if I'm honest. I don't know about everyone else, but I'm getting tired of this meta style of narration where the unreliable fem What the fuck?

Sorry, but this book just doesn't... work. To be fair, my reaction to Feeney's *Sometimes I Lie* was pretty much "what the fuck?" as well, but in a really good way. She has once again managed to pull out an out-of-this-world twist, but here it is so ludicrous that I felt like laughing instead of gasping in shock.

I was bit turned off with this one right away, if I'm honest. I don't know about everyone else, but I'm getting tired of this meta style of narration where the unreliable female protagonist waxes on about how she's the baddest bitch of them all. This book literally opens with a monologue from Aimee Sinclair, in which she basically tells us that she's a barefaced liar and can't be trusted. I know the cool girl speech was epic, but very few people can actually pull that off.

Then we get something of an interesting premise. Aimee's husband has gone missing after a fight, but has left all his possessions, including his wallet and phone, in their home. Where is he? Why is all his stuff still here? Does Aimee know what happened? Did she kill him?

This sounds quite exciting, but it quickly gives way to many chapters of repetition, padding out the book but not really moving it anywhere. Aimee goes to her filming job day after day, mostly unconcerned, it seems, about her husband's whereabouts. In between we get equally repetitive flashbacks to Aimee's traumatic childhood. There was a long stretch in the middle where I was on the verge of falling asleep.

And the reveal at the end? I just don't even know what to say other than "what the fuck?" It uses an old infuriating trope to create a ridiculous, unbelievable and revolting twist. And while we're on the subject of revolting, there is a lot of graphic abuse of children, adults and animals in this book, as well as one rape scene. I don't mind dark themes and gore at all, but there was something gratuitous about the detail of the child abuse here. It includes nauseating scenes like (view spoiler)[making her eat food out of a puddle of urine, having her sit in a scalding bath, and putting her pet hamster in the deep fat fryer. (hide spoiler)]

I Know Who You Are

Over-the-top, bizarre and completely unbelievable.

I Know Whom I Have Believed

This ain't it.

Review is included here <https://youtu.be/ujBiQ2cpHwk>

4 Crazy Unbelievable Stars! Thank you to #Goodreads-Giveaway, Flatiron Books and Alice Feeney for a copy of this ARC!

How very Interesting!

Alice Feeney sure knows how to give a person heart palpitations - you know, the kind that make you feel like your heart is going to burst out of your chest and rise right up out of you? Yeah, those.

Aimee Sinclair is an actress everyone thinks they know but can't remember where from. Someone, however knows Aimee very well, perhaps even better than she knows 4 Crazy Unbelievable Stars! Thank you to #Goodreads-Giveaway, Flatiron Books and Alice Feeney for a copy of this ARC!

How very Interesting!

Alice Feeney sure knows how to give a person heart palpitations - you know, the kind that make you feel like your heart is going to burst out of your chest and rise right up out of you? Yeah, those.

Aimee Sinclair is an actress everyone thinks they know but can't remember where from. Someone, however knows Aimee very well, perhaps even better than she knows herself and they know exactly what she's hiding. Tsk Tsk Aimee..

Aimee is used to playing a role, who knew that she'd have to play one, day in day out, whether she was onscreen or off? Her life is about to be turned upside down in an instant. Bad things always happen to Aimee Sinclair. Who is to blame? Is it her fault or someone else's? If only these questions were that easy to answer! Oh what fun!

This is a psychological suspense that left me breathless, my heart all aflutter. Whatever you think this is, I can assure you, you're wrong. Back and forth I went attempting to guess which way was up, close I came I tell ya, but ha, no cigar.

'I Know Who You Are' is a worthy follow up to Alice Feeney's debut 'Sometimes I Lie' which was one of my favorite reads of 2017. With her sophomore novel, Feeney most definitely knocks it out of the park yet again. This is a MUST-READ my friends! Do not deter, get your hands on a copy as soon as possible!

I Know Who I Am Lyrics

Sometimes a book immediately resonates, and you know you're in for a great ride! This was one of those books!

Aimee is an up-and-coming movie starlet! Everything is falling into place for her...at least professionally. Her home life however, could use a little Hollywood magic. Her husband has grown distant as her star-power has risen, leaving him in the shadows.

After a long day of shooting on the set, Aimee returns home to find her husband missing. His wallet, phone and shoes still in the home. Sometimes a book immediately resonates, and you know you're in for a great ride! This was one of those books!

Aimee is an up-and-coming movie starlet! Everything is falling into place for her...at least professionally. Her home life however, could use a little Hollywood magic. Her husband has grown distant as her star-power has risen, leaving him in the shadows.

After a long day of shooting on the set, Aimee returns home to find her husband missing. His wallet, phone and shoes still in the home. Car parked in the garage, and most disturbing, a bouquet of flowers on the table with a simple note that chillingly says, "Sorry".

Told in two timelines.

The present: Aimee trying to hold her life together, desperate to figure out what happened to her husband. He couldn't have simply left on his own...not without all his belongings. Right?

The past: An innocent six years old girl trusting the wrong person - when the unimaginable happens.

Throughout this story Aimee holds her own inner-dialogue which, if done correctly, can absolutely make the book! And Alice Feeney did it to perfection! It puts you deep in the mind of the character! Loved it!

Alice Feeney's previous book *Sometimes I Lie*, was a favorite of mine last year. Now with her latest follow up, I'm even a bigger fan!

OK Ms. Feeney, the pressure is on! What do you have in store for us next? Personally...I cannot wait!

Thank you to Susanne for gifting me her ARC..

TWO ICKY STARS

After reading hundreds of novels in the old psyche-suspense thriller genre, I still like to be surprised

with a final twist. And Alice Feeney does not disappoint in that department.

I also love short chapters that beg you to turn the next page and read just one more chapter well past your bedtime. Again, another plus for Alice Feeney, or as she shall be known: the Queen of Addictive Writing.

• —Here comes the tiny spoil-ey bit:

Unfortunately, this novel ended on such an ICK FACTOR, th TWO ICKY STARS

• —Here comes the tiny spoil-ey bit:

Unfortunately, this novel ended on such an ICK FACTOR, that yuck, yuck, YUCK!!!! I can't get the taste out of my mouth, and I cannot say I loved this book. I will forever look back at this book and say yuck again and again.

In addition to winning my "most unfavorable ending category" (well, technically, my most hated ending is Behind Her Eyes, and this one is a close second!), there is just too much child/animal/spousal abuse in this book for me. I don't wanna read that stuff.

Let's end on a positive note: the audio book is first-rate, a top-notch performance!

But, yuck!! That ending, R E A L L Y????? ...more

I Know Who Goes Before Me

Aimee Sinclair is an actress on the verge of stardom, but she hasn't always been Aimee, she was once a little girl with another name. Aimee's life is about to take off on a whirlwind of twists and turns, but just kick back and experience this roller coaster ride of a journey with her!

Aimee's husband Ben has gone missing, his keys and cellphone are on the dining table but it's unlikely that he'd leave them behind. They'd had a huge fight the night before in which they both said some pretty awful things. Aimee Sinclair is an actress on the verge of stardom, but she hasn't always been Aimee, she was once a little girl with another name. Aimee's life is about to take off on a whirlwind of twists and turns, but just kick back and experience this roller coaster ride of a journey with her!

Aimee's husband Ben has gone missing, his keys and cellphone are on the dining table but it's unlikely that he'd leave them behind. They'd had a huge fight the night before in which they both said some pretty awful things, but he wouldn't just walk out and leave her surely? She decides to carry on as normal and takes her regular morning run then calls at her usual coffee shop, but her card is declined. It's only when she calls the bank that she discovers \$10,000 has disappeared and the account has been closed. Immediately she thinks it must be Ben, but the bank say it was Aimee herself who closed it!

The narrative alternates between Aimee's story and that of the little girl she was, before she wandered away from home. The opening chapter sets the scene for you to second guess everything you're about to read, and oh how I love to second guess!

Alice Feeney has constructed a fascinating character in Aimee. The scenes of her childhood are completely gripping, and of course that's attributed to the quality of her writing. Ditto Aimee, as an adult. The storyline bounces back and forth between the two timelines, the threads woven seamlessly together, taking the reader into some very dark places.

I can't help but second guess where a story is heading, but this one kept throwing me off kilter, and I would never have guessed where it would eventually end! I have to say that I found it utterly gripping, and it had all the right ingredients needed in a psychological thriller - another winner for Alice Feeney!

*Thank you to Netgalley and HQ for my ARC. I have given an honest unbiased review in exchange *
...more

Last year I read Alice Feeney's debut, *Sometimes I Lie*, and it blew my mind. When I won her latest, *I Know Who You Are*, in a Goodreads giveaway I was beyond ecstatic. I'm thrilled to say that there is no sophomore slump here.

I Know Who You Are

Aimee Sinclair is an up-and-coming movie starlet that is married to Ben. After returning home from a shoot one evening it appears that her husband isn't home but she isn't completely surprised as they had had a roaring fight the evening before. So why is his cell phone, wallet, coat and shoes all accounted for? Why would he leave all of this behind? Aimee fears that something terrible has happened. Aimee is right to be fearful.

The following day Aimee goes to the bank to make a cash withdrawal only to be told that the account has been drained and closed. Aimee can't believe that Ben would do this to her when the teller informs her that it was her herself that closed the account. How is that even possible?

There is so much more that I could discuss but this is a tip-toe review because I don't want to inadvertently spoil anything for anyone. Aimee is a perfect unreliable narrator which I love in my psych thrillers. The ending is an OMG moment but it was almost a little too off the wall for me, not to mention, rather disgusting. If anyone guesses this conclusion then I tip my hat to you. So while this isn't going to earn the full 5 stars from me a solid 4 isn't too shabby. 4 - Are you alright in the head Alice Feeney? - stars!

Thank you Goodreads for my copy! You da best! ...more

I Know Whom I Have Believed Lyrics

Feeney's style is so unique and she knows the best way to impress us, her new book I KNOW WHO YOU ARE is a perfection full of unexpected dark twists and great drama!

You can tell when a psychological thriller is great when you have no clue what's going on or who's doing what! Alice is the best when it comes to thrillers and we have enjoyed her book so much! She has merged different topics in very mixed and difficult emotions to swallow, her way of elaborating the acts is so great written it make Feeney's style is so unique and she knows the best way to impress us, her new book I KNOW WHO YOU ARE is a perfection full of unexpected dark twists and great drama! You can tell when a psychological thriller is great when you have no clue what's going on or who's doing what! Alice is the best when it comes to thrillers and we have enjoyed her book so much! She has merged different topics in very mixed and difficult emotions to swallow, her way of elaborating the acts is so great written it makes you understand everything, we love her style of writings because it makes her books so complete!

The book is terrifying and creepy, and it starts with Aimee, the book talks about her present days when she is becoming a famous actress but also it includes and her husband's missing and it alternates in her past days of her life bringing too many conclusions and concepts that will shock you! Every page has a thrill which makes you believe in Aimee and the other ones make you not to! I really enjoyed the intrigue between the lines because it was so compulsive!

I really enjoyed the fact that it was so professional written and it included details that were so magnificent, I enjoyed the terrific ending even though it was a little bit unbelievable but it was quit an ending so I ended up giving this a solid five stars because Feeney has amazed us once again and we can't wait to read her next masterpieces!! ...more

I read Alice Feeney's other book "Sometimes I Lie" which was a 5 star rating from me, so I had high hopes for this book!!

Aimee Sinclair is an actress married to Ben, when she returns home from her daily jog she discovers that Ben has disappeared leaving his wallet, shoes, phone and coat behind.

Aimee is used to acting the part and seems to be hiding a big secret!! The police suspect her of harming Ben as they have video evidence of them arguing in a restaurant and her slapping him in the face. S I read Alice Feeney's other book "Sometimes I Lie" which was a 5 star rating from me, so I had high hopes for this book!!

I Know Who I Am Chords

As a huge fan of "Sometimes I Lie", Alice Feeney's debut novel, I was eagerly awaiting this one. I'm going to do this with no spoilers but whew....

Aimee Sinclair is a B-list actress who has a vicious argument with her husband and comes home from work the next day to find that he has vanished. Aimee doesn't know where to turn next because she has too many secrets of her own to be as transparent with the police as she needs to be to keep herself from becoming a suspect. No worries, soon enough they come to her. As a huge fan of "Sometimes I Lie", Alice Feeney's debut novel, I was eagerly awaiting this one. I'm going to do this with no spoilers but whew....

Filled with twists, turns and complex surprises this extremely well-written book was a 5-star read until the end and then, well....no. In fact, the hardest of no's. ...more

NOPE NOPE NOPE NOPE. Sorry, but this was not for me. CW for just about everything you can imagine, but I can't list here for fear of spoiling the outrageous, over the top ending, but if you're sensitive to graphic child abuse, give this a wide berth.
