

The background features a complex network of white nodes connected by thin white lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and polygons. The overall aesthetic is modern and digital.

The Mister

By E.L. James

The Mister Book

The passionate new romance from E L James, author of the phenomenal #1 bestselling Fifty Shades Trilogy

The Miser By El James

London, 2019. Life has been easy for Maxim Trevelyan. With his good looks, aristocratic connections, and money, he's never had to work and he's rarely slept alone. But all that changes when tragedy strikes and Maxim inherits his family's noble title, wealth, and estates, and all the responsibility that entails. It's a role he's not prepared for and one that he struggles to face.

Â

The Mister El James Read Online

But his biggest challenge is fighting his desire for an unexpected, enigmatic young woman who's recently arrived in England, possessing little more than a dangerous and troublesome past. Reticent, beautiful, and musically gifted, she's an alluring mystery, and Maxim's longing for her deepens into a passion that he's never experienced and dares not name. Just who is Alessia Demachi? Can Maxim protect her from the malevolence that threatens her? And what will she do when she learns that he's been hiding secrets of his own?

The Mister Book By El James

From the heart of London through wild, rural Cornwall to the bleak, forbidding beauty of the Balkans, The Mister is a roller-coaster ride of danger and desire that leaves the reader breathless to the very last page.

OKiiiiiee

So lets get to the fucking point cuz this book is a waste of money/time/potential.

Y did i rate it 1(non deserving star)?

THE MOTHER FUCKING WRITING

It is HORRIBLE..HORRENDOUS.....i felt like i was reading moby dick or waitthose spiritual nerve calming books that piss the shit out of you.

UGH writing. This is a 150 page story written into a 512 hundred bloody paged book.

The writing is soooooo elaborated and literally boring.

the story? the story was okay-ish (if you haven't read anything your whole life)

lets meet Alessia Demanchi

where r u going Alessia?

yes she behaves like this in the whole book.

(view spoiler)[she comes from albania, cuz she escapes her abusive fiancÃ©, gets human trafficked to England where she is supposed to be sold but escapes . She isn't raped & she's a virgin (hide spoiler)]

Maxim Traveyn isn't sexy.

He isn't an alpha.

How do we describe Maxim's character? idk.. well....he is careless. Yes careless is a suitable word.

... he makes weird and prolonged decisions.

Wait, let me give you an example: If Maxim and Alessia were on a ship and alessia accidentally fell of the ship into the Pacific ocean instead on jumping right in to save her, maxim would first call Australian border/visa/immigration/gov to check wheter it's illegal for her to fall in the waters. Next he would call The Royal New-Zealand Navy to send in ships--yea all of this will be happening while alessia is a few feet away from the ship drowning--then our hero maxim will call hollywood to make a movie, bollywood to make punjabi songs, and k-pop for idk what...theenn maxim will remember panicking and jumping after to save alessia... sooooooo yeah u get the point right?

if u believe this is absurd then go read the book yourself and see how he saves her 2 times.

he is boring. sooo repetitive. He treats her like she's about to break any minute now.. which sounds sweet right?... NO!!! in a boring like HELL way NO!

The Mister

not only are his actions careless but the WEIRD thing is that he doesn't give away two shits about 'the tragedy' he only cares why it happened bcuz so much burden has been thrown on him,then....he cries in front of alessia. ----i don't get it that's not all... he treats women nicely but in his heart he's like 'go away' so what is Maxim? a double faced lizard. if he dosen't respect women...how in the underground frickity fuck hell does he respect alessia?! guess what? IT'S...NOT...REAL

HHHHHOOooooooo my GOD. the writing. the writing. the. fucking. writing.

two-thirds of the book they mostly meet like this

peekaboo
sounds very romantic

I would like to thank E.L James for giving me updates on how many eggs does Alessia want, whether one or two or how many eggs and bacon strips has Maxim cooked and especially important details like what brand of oil/buffalo ghee was used to cook breakfast.
thank you Erika, just thanks so much.

bra-fucking-vo

warning : this book contains hazardously boring details like the ones from Bared To You and sex scenes from Beautiful Disaster. BE WARE!!

especially the spontaneous "music to my dick"

The idea of a penis with two huge ears so the human companion of the penis can listen to penis music is the most erotic thing ever
SAID NO FUCKING. ONE. EVER!!!!!!!!!!!!!!

Some newspaper said that this book is sexy...ummmm.....well here a piece of Maxim having sex with some other girl

"" "â€œTake them off,â€• she commands, and points to my trousers as she stands over me, placing

The Mister

her feet wide apart.

“You do it, I mouth.

She needs no further prompting and crawls up the bed to sit astride me, grinding down on my crotch. She drags her nails down my abdomen toward my fly.

Ow!

Fuck this! She’s dangerous. ””””

yeah....mmmmmm.....this.....is hot?

eyeroll

oh lookie lookie ... what do we have here?? we are forced to come through the typical painful repetitive classic diamond edition E.L james exclamatory words now with new...words

zot!

stop!

no!

bloody hell!

zot!

oh no!

fuck.a.duck!

zot again.....

i felt a face emerging from the book and doing this to me:

someone please tell me

Sometimes i feel like my Dad wrote this (no he doesn't write novels) but this is his theory/mega life hack: "Take any topic and keep rephrasing it until you write a book on it. That will give ya success" he gave me this advice when i was in middle school and i had to write a 400 word essay on global warming...well i was foolish enough to take his advice. but when the teacher gave me the corrected assignment.. i swear it looked like a Camel had been slaughtered on it. i was nothing but tears.

The Mister

i never repeated that mistake but sadly thats EXACTLY what e.l james did.
it is repetitive. it is LOUSY.

okay kids time for math
here take an excerpt from the mister:

"" ""The fact is, sheâ€™s inspired me. The whole weekend Iâ€™ve immersed myself in my music. Itâ€™s provided a distraction from all my newfound and unwanted responsibility and a respite from my griefâ€”or maybe Iâ€™ve found a way to channel my griefâ€”I donâ€™t know. I have three pieces completed, sketchy ideas for two more, and Iâ€™m tempted to put lyrics to one of them. Iâ€™ve ignored my phone, my e-mailâ€”everyone, and for once in my life Iâ€™ve found solace in my own company. Itâ€™s been a revelation. Who knew I could be so productive? What I donâ€™t understand is why sheâ€™s affected me like this when weâ€™ve only exchanged a few words. It doesnâ€™t make sense to me, but I donâ€™t want to overthink it." ""

ok see this? now kids multiply it by 10. and double it and now multiply this by 33.
so kids that's how you write a phenomenal *snort* book

oh and what is it with this author and sex during periods?! i mean don't write stuff that makes me wanna gag.

â€œSurfing the crimson tide has never been an issue for you,â€• Caroline scoffs

.....wait.....what??

ewwww. don't describe it like that woman! please
i know this is an idiom but there r better ways to describe this!

So for all of you 'red room of pain fans' the author gives out a tease and my heart attack makes a debut there

The Mister

“It’s just a darkroom,” he says, and flicks on the dim overhead light so the red glow vanishes but thank heavens there isn’t any so...i’m happy..?..

Another thing that was wrong with this book was that either there was no intimacy for long bloody chapters

or

either a whole freaking chapter was about one sex... f@#% S@!%^%\$!!!!!!!

Did i mention that 2/3 of this book was about a normal couple routine? no.. beware

wait wait the fun is coming. the typical e.l 'hero saves heroin "cheesily" 2 times'
oh dear lord

(view spoiler)[her traffickers find her & guess what? first traffickers in the world who don't carry mega scary guns... of course they won't carry guns.--i'm surprised Maxim didn't read them their Miranda rights their-- fate was written by e.l james spoilers
and then the hero saves her YADDA yadda blah blah (hide spoiler)]

he brings her to his palace like mansion cuz y'know e.l james characters make jeff bezos look poor... so yeah

and the kidcheezping scene

my favorite part when Anatoli comes to collect Alessia,
Alessia mans up

Finally when something bloody decides to happen in this book E.L decides to make it lame.
spoiler Alissia's fiance kidnap/abducts/forces/i don't have words her
the cheeznapping scene goes oooooonnn and oooooonnnnnnnnn for painful chapters and chapters
and chapters.

that's it.

I HAVE A FUCKING MIGRAINE. I need to call Oxford medical whatever to research on me. can you get a migraine from a boring book? yes!

The Mister

So then the author decides to super rush the ending..leaving US ALL with the most ridiculous, stupidest, lamest fungusest ending ever.

THE MISTER
THIS BOOK

- 1) Is repetitive
- 2)Has unnecessary detailed details that go on for pages
- 3) Is elaborated/ stretched
- 4)Needed more editing
- 5)Is 13 chapters extra
- 6)Has a story that needs more events
- 7)Has a story that is weak
- 8)Has a male protagonist that needs a slap from my mom and a punch from my dad
- 9)Was written by an author who needs a creative writing course from Cambridge
- 10)Has an ending that looks like shit smeared on paper

P.S: the sex scenes will only be found 0.0000000001% sexy by people who are reading sex for the first time, are virgin, never saw porn, don't know what dick is---you get the shit

I can almost imagine the Author writing the book like this:

Dear whoever-is-reading- let's do some heart talk shall we?

booooooo hoooooo hoooooo

why did i read this book?

booooooo hoooooo00oo hoooooo

i regret reading this book

booooooo hoooooo00oo hoooooo

i'm so happy for all who have DNFed this book

BOOooooo Bitching HOOOOOOOOO

this book was just rushed in hopes for earning more money (which once google told me when we were gossiping that she has a lot)

I felt drunk during this book--which i was not--

Let's start by taking you on the journey. From start to finish 30% (i mean, i was finished by about 5% but I was raised to be a trooper and troop i did.)

When I first saw that Ms. James was launching a new standalone novel, my first thought like I assume all other people's thoughts were went to FSOG. That trilogy regardless of whether it was a disaster, a passer-by or a godsend in your life, was something of a global Category 5, DEFCON 1, 10th magnitude phenomena that took the world by storm.

Having read FSOG a long time back (just the first one. unfortunately, i couldn't troop for more.) I don't really remember my thoughts and whether I liked it or not didn't matter because looking back now, I don't really like what it stands for. Yet still, I respect all those lovers of the romance because for some, It actually regenerated / originated their love for the genre.

So, I thought what better way to gather my thoughts about this author then to read her upcoming standalone. By now, her writing would have improved right? her character development and her plot skills must have enhanced somehow? their should be some any sort of improvement?

The Mister

(view spoiler)[(hide spoiler)]

i can't believe i put on my good crocs for this

Without even starting the book, I was cautious about the premise. A wealthy, manwhorey, newly appointed Earl starts getting the hots for his illegally immigrated with a language barrier, beautiful in pink granny panties (he actually had to point this out), apparently limited access to technology house cleaner. Before I even get into all the NO, ERIKA, NO!'s in that... let me give you a treat.

â†’ Chapter One.

First fucking line.

ahem

"Mindless sex"there's a lot to be said for it. No commitments, no expectations, and no disappointments; I just have to remember their names. Who was it last time? Jojo? Jeanne? Jody? Whatever. She was some nameless fuck who moaned a great deal both in and out of bed."

â†’ We proceed to find out that his brother just died and he is currently fucking his brother's wife.

"She is and always will be my first love, my first fuck" my disastrous first fuck. And years later she'd chosen my brother, not me. But in spite of all that, we managed to remain good friends and keep our hands off each other"until Kit's death."

â†’ He is now "Lord Trevethick." When it comes to names in books, I have no problem if the author has either random-word-generated or dictionary-swallowed names in their story. But that doesn't mean that once in a while I'll get a name that I love to absolute bits. This name was the only selling point in this story, it brought me comedic relief. Everytime I read it, i giggled. Maxim be thicker than a snicker.

â†’ The writing was so poor. It felt very amateur and I shit you not, I felt like Gollum was speaking sometimes. Both of them had inner monologues (ofcourse, we like to keep the inner goddesses here in the ELJ headquarters) that were constantly repetitive and yappy. If Smeagle was the vibe ELJ was going for when writing her romance. Then yes 10/10 stars;

"She's hot. And willing. Yes, very willing."

It was a surprise finding him here asleep. Yes. That's it. That's all.

â†’ The dialogue and the monologue was all very jarring and juxtaposed. It felt like I was in the front seat

The Mister

of a car that kept braking and going, getting whiplash from the damn seatbelt. The writing was juvenile because it wasn't descriptive at all. It was this then that and here's how it made me feel a lil'

â€œI want to know. No. I donâ€™t want to know. I do. I donâ€™t. I glance at the dashboard. Shit. Iâ€™m speeding. Slow the fuck down, mate. I ease my foot off the accelerator. Steady. I take a deep, cleansing breath. Calm down.â€•

â†’ I absolutely hate when there is no character development or dimensions, something that lets you get hooked to loving the story because you're rooting for the characters. But something I hate even more is when authors use diversity in their books and don't even get it right. There are so many reviews coming out that note specifics on how the portrayal of Albanians is very incorrect in this book.

â†’ The insta love was strong with this one. In truth, the whole cliché damsel in distress getting saved by dominating and rich man that suddenly changes his ways is very overdone. But like I say in a lot of my reviews, with romance there are so many tropes that are overplayed. But there is still a way that authors can use that to their advantage and still come out with a good and gripping story! I found it very unconvincing that our male MC went from this;

â€œI wasnâ€™t sure. Modeling could be mind-numbingly boring, but after I was sent down from Oxford, the work had gotten me out of bed and given me an excuse to stay in shape. I also got to meet hot, skinny women.â€•

to this;

â€œI want herâ€™. Thatâ€™s the truth. Iâ€™ve never felt like this before. Everything has happened so fast. And I still donâ€™t know if Iâ€™m doing the right thing. But I know I canâ€™t abandon her to those lowlifes. I want to protect her.â€•

â†’ Lastly, there was absolutely no chemistry. What there was plenty of though was WTF moments. Lines and directions that just made me jerk back because who thinks of this kinda thing? For example, there is a scene where Maxim is asleep and he unconsciously kisses Alessia. Her monologue shows that she wants it but also doesn't at the same time (there is a lot of foreshadowing to her having a bad history with men). Right after we get this;

â€œItâ€™s not just me. Maybe she just doesnâ€™t like men. This thought is even more upsetting, so I brush it aside.â€•

then this;

â€œAll my plans, all my fantasies will be for nothing if she canâ€™t bear to be with a manâ€™; any man. And I realize that I canâ€™t touch her. Fuck.â€•

I live in Texas, and with summer approaching, I thought I'd plan ahead for once. Which is a surprise in itself, because I'm very last-minute. Like that time I got pregnant with my third child, and I kept meaning to tell my husband, but I was in college and I worked full-time, so I kept putting it off and putting it off, even though I wrote it on a sticky note, but then after I gave birth, Heath was all like, "What the heck, Colleen?" Yeah, procrastination can really cause a wedge in a marriage. I live in Texas, and with summer approaching, I thought I'd plan ahead for once. Yeah, procrastination can really cause a wedge in a marriage. Anyway, so I ordered this mister from Amazon. You just hook it up to your existing water hose and it can spray a fine mist up to fifteen feet. I haven't actually received the mister in the mail yet, but they did send me this instruction manual, and let me tell you. I can't fucking wait.

Am I allowed to cuss on here?

Anyway. This was the hottest instruction manual I've ever read. Which is good, because Texas. Can't wait for the product to arrive because apparently, not only is the mister not the only product, but it comes with a Lord, and a Housekeeper, and a grand piano, NONE of which were listed in the description as accompanying parts. I usually don't find deals like this on Amazon.

Anyway. I'll update this review when all the pieces of my order arrive, but FIVE STARS for this instruction manual. ...more

- * Told from dual POV's but the female character, Alessia is written in third person.

Well then... I think I'll stop there for now. I made it to the 20% mark and I'm not really enjoying it. The characters aren't calling to me and it's not pulling me in. Maybe I'll come back to it down the line, I have the audio, but for now, it's on hold.

One burning disappointing frustrating star!

I got the formula of the writer. There is an ultra rich womanizer Alpha hero who f*cks everything he sees alive, a doormat, virgin, shy, introvert heroine acts like feral child and has no idea about luxuries of ordinary life(remember FSG's Anastasia doesn't even have an email address) and a freaking piano, too many nonsense action scenes and tadaaaa our best selling romance is ready to consume!

Anastasia turned into Alessia, thanks God I thought writer

And why on earth, somebody writes a novel toooo loooooong! It's not a Tolstoy novel! It's just an erotic romance to make people enjoy their time when they're reading it!

For so long I was reading wonderful novels and I was feeling Polyanna because I was giving too many five or four stars to the books. But now I understood I'm not optimistic, I'm just picky and I'm so angry of myself for wasting my time, burning my retinas and testing my patience by choosing to read this commercial thing!

My final message is for the billionaire author of this book:

It gives us impression that a sequel is coming! Please have pity on your loyal FSG readers and don't pull the trigger! Write something else! Or find a real good ghost writer! ...more
