

The background features a complex network of white nodes connected by thin purple lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and polygons. The overall aesthetic is modern and digital.

Sometimes a single flame can ignite a love that lasts a lifetime.

Milo Phillips knows the meaning of pain. Suffering through the most intense physical agony of his life, heâ€™s confined to a hospital bed to bear it alone. More than once, he wishes heâ€™d died in the explosion that melted and mangled his skin. Darkness consumes him, snuffing all the joy in his life and leaving an empty hole in its place.

But one day, a flicker of light sneaks into his hospital room, driving away some of the hopelessness. For the first time in months, pain isn't all he feels.

The flicker's name is Sara Foster, his new nurse. Milo just hopes that Sara can see past his scars. Because underneath, his heart has begun beating again just for her.

Oh yeah! This is what I'm talking about! A novella that is full and rich, filled with enough angst to keep it going, romance that will make you swoon, and some drama to keep it interesting. Add in another trip to Jamison Valley and a story that fans demanded since The Coppersmith Farmhouse and I am spinning with glee!

I was so freaking excited to get Milo's story. After being burned in an explosion his story takes a back seat to the other characters in Jamison Valley. But now we get to see what really happened and how he met Sara, the love of his life. This was everything I wanted and nothing like I expected.

Working on the burn unit, Sara is a sweet, caring and kind nurse that feels an instant attraction to Milo. His burns don't distract from what draws her to him but his stoic acceptance of the pain incurred during his treatments makes her respect and care for him more. I loved that she had a genuine heart and although she has some professional struggles in regards to her growing feelings towards Milo, she worked around them and in the process fell madly in love.

• Her touch soothed the burns more than any cream or ointment on earth. Her voice was a dream, chasing away the dread and despair. When Sara was in the room, the pain was bearable. •

We don't get much of Milo's point of view, but we know he's much like Sara in his demeanor. He is polite, kind, and not the type of guy to stand out in the sea of alphas that live in his hometown. But with the right woman, buttons can be pushed and protectiveness can rise up when needed. While this

story doesn't require much in the way of him standing up for her, it's obvious he is completely alpha over her. Gotta love everything about that!

• No more crying, okay? I can't take it.  
 • I'll try. She gave me a small smile. •els that just a guy thing? Not being able to see a girl cry.  
 • No. I ran my index finger up and over the hills of her knuckles. • can handle tears. Just not yours.

This book is filled with so many swoony moments, extreme chemistry between Milo and Sara and moments that will have you choking back a lump in your throat. Ms. Perry brings these characters to life, making them real and their story completely believable. I can't express how much I loved this couple, their story and this return to Jamison Valley.

Can be read as a standalone.
