Graduate programs of study are described here in our Graduate Catalog and Program Descriptions. The Law of Accelerating Returns | Kurzweil An analysis of the history of technology shows that technological change is exponential, contrary to the common-sense intuitive linear view. So we won't experience 100 years of progress in the 21st century -- it will be more like 20,000 years of progress (at today's rate). The returns, such as chip speed and cost-effectiveness, also increase exponentially. Parent and Teacher Links - Teach the Children Well This page is a collection of links for parents and teachers.
