What Happened on April 7th This Day in History 2001 : The Mars Odyssey spacecraft took off on a six-month, 286-million-mile journey to the red planet. It reached Mars on October 24, 2001. It is designed to orbit the planet Mars to hunt for evidence of past or present water and volcanic activity to help answer the question of whether life has ever existed on Mars. The Narcissist Blames You! | The Narcissistic Life A narcissist may do something egregiously abusive to you, yet when confronted will scream at you that she can't believe you were so selfish as to upset her over such a trivial thing. She'll also blame you for your reaction to her selfish and exploitative behavior e.g., she can't believe you are so petty and so childish as to balk at her giving your favorite dress away to her friend. What ever happened to U.S. Semi Truck Racing? In the motor sports obsessed U.S. you would think semi truck racing would have an active and devoted following but yet there is nothing. To add more confusion truck racing is very popular all across Europe with an actual racing body devoted to the sport. Yes, I know us Americans have the truck version of NASCAR but we all know that doesn't count.

## A Soldier's Life Poem
