## Field Recordings From The Inside

Field Recordings from the Inside: Essays by Joe Bonomo "Field Recordings from the Inside" is an exuberant romp through musical history, mostly since the Sixties, and personal history, of author Joe Bonomo. The "Origin Stories" sections provide a wonderful counterpart to the essays, helping to organize the progression of the entire book and to ground it in a child's experience of musical formation. Joe Bonomo's 'Field Recordings' Makes Plain the Poetry ... Joe Bonomo's Field Recordings from the Inside purports to be an essay collection. The author is a music journalist and the book is being marketed as a thing that moves between prose genres of criticism and memoir. Amazon.com: Field Recordings from the Inside: Essays ... In Field Recordings from the Inside, Joe Bonomo looks at family and faith, country and culture, Mississippi and Memphis, life and death, with sharp eyes (and ears) and a strong heart, shining a light on the past to help arm the present to make sense of the future. If you want beautiful writing in the service of powerful emotions, you want this book.
